RECEIVED

MAY 19 1995

GROUP 2300

RESPONSE

In response to the Examiner's action mailed  
February 10, 1993, applicants respond as follows:

In the claims:

5/24/93  
K  
C1  
P1  
P1  
P1  
en what is claimed is: 1. (Twice amended) A device for detecting a specific material that may be present in an ensemble of objects comprising  
P1 an x-ray source adapted to expose an area of the ensemble to x-ray radiation of two substantially different energy bands,  
P1 a detector, responsive to said source, adapted to detect radiation passing through said ensemble and to produce dual energy areal image information of said ensemble, and  
P1 a computer adapted to process such dual energy information based on differences in attenuation between subareas of said exposed area to detect presence of said specific material by comparing selected subareas of said exposed area to other subareas in the vicinity of said selected subareas[ whereby],

Date of Deposit 5/10/93  
I hereby certify under 37 CFR 1.8(a) that this correspondence is being deposited with the United States Postal Service as first class mail with sufficient postage on the date indicated above and is addressed to the Commissioner of Patents and Trademarks, Washington, D.C. 20231.
